He is also a certified PGA Hope instructor and a PGA Jr. League coach for both the 13U and 17U teams at Meadow Park.

"I coach with the mindset that the swing should be made with effortless power, not powerless effort."

The difference between the two comes down to understanding the basics of the swing sequence." While certain principles of the swing apply to all, differences in body type, height, weight, balance, flexibility, strength, and gender must be taken into consideration. Bottom line: No two swings are the same, but all swings can be effective. I look forward to working with you to find your best swing, to better enjoy this great game.

Twin Rivers Golf Course, Fall City

Erin Szekely – Erin has been an LPGA Professional member since 1996 and is now a Life Member. She has been teaching for the past 29 years and is currently teaching at Twin Rivers Golf Course in Fall City. Erin’s philosophy about the golf swing and game is to keep it simple! That the swing is like any other physical move. Moves that we make every day... We make it hard by breaking it down into small parts instead of staying with the whole and making the swing be a response to what we do with the club. She follows the principles of PGA and Golf Hall of Fame member Manuel de la Torre and is featured in his DVD “Understanding the Golf Swing”. Erin has her own instructional dvd called “Golfing with Erin”.

She has been the Director of the Northwest Women’s Open for the past

28 years. Check out her website for the Open at: www.northwestwomensopen.com.

Jonny Stacey – Teaching Professional
(206) 838-4549 | Email: jstacey@premiergc.com
Golf, in my eyes, is the simplest, hardest, most frustratingly beautiful game there is, and I am absolutely in love with it. Since starting at Interbay in October of 2020, I have obtained my Titleist Performance Institute (TPI) certification, giving me the tools to identify how golfers' physical strengths and weaknesses influence their golf swings, as well as the resources and expertise to recommend training movements to improve strength and mobility throughout their bodies. I want to help my students unlock their own powerful, repeatable, and sustainable swings that will enable them to achieve their golf goals. Beyond the physical side of the game, I also have plenty to share with respect to the mental and emotional aspects of golf. The way I like to mentally approach golf is best summed up in this quote from Ben Hogan: "The most important shot in golf is the next one."

One of the young players who came out of Scott's summer golf camps and into individual lessons was PGA tour player, Andrew Novak. Novak is a winner on the Korn Ferry tour. Scott wants to guide each player through their journey in the great game of golf, whether they be the ultimate beginner or a competitive golfer with hopes of playing on the tour.
