Gamble Sands' Scarecrow: New course will add to Pacific Northwest award winning list

Gamble Sands, the Top 100 golf resort located in Brewster, Wash., will open its second course- this one called Scarecrow, designed by David McLay Kidd. The course is expected to open August 1, 2025, with tee times now available on www.GambleSands.com.

Located near the apple and cherry orchards of the Gebbers' family farm (owners of Gamble Sands) and overlooking the Columbia River Valley, McLay Kidd and design associate Nick Schaan have transformed a twisted saddle of rolling terrain and river-view ridgeline into the second 18-hole golf course, creating what golfers will soon come to find as a counterpart yet contrasting experience to Gamble's original and award-winning Sands course. Scarecrow will play to a par of 71 and stretch to 6,900 yards.

With two 18-hole McLay Kidd-designed championship courses, a fun-to-play 14-hole McLay Kidd-designed short course, a 100,000 square-foot Cascades Putting Green, multiple food and beverage options and 40 brand-new double-king luxury rooms opening in the spring of 2025.

Gamble Sands in Brewster, Wash. will open its second course in 2025- this one will be called Scarecrow.

The Performance Center is now open!

The all-new state-of-the-art Performance Center at The Home Course is conveniently located just minutes off of I-5 and is outfitted to provide you with all of your golf performance needs!

Our top-rated PGA professionals have decades of experience in playing, instruction, and club fitting combined with the knowledge and understanding of what it takes to help you play your best golf. Inside the Performance Center, you will find a full range of club options from Titleist, TaylorMade and Callaway. Along with the covered/heated performance center, our facility boasts a full-size double-ended all-grass driving range, pitching green with a practice bunker, and two practice putting greens.

We use top-of-the-line GC QUAD technology for all of our fittings. This technology uses four cameras to capture all club and ball data, making it the most consistent and accurate launch monitor indoors or outdoors on the market. What separates us from other facilities is the ability to use this technology while watching the ball fly onto the range and not into a screen. The trust and confidence of seeing the ball fly, combined with the data from the technology, will result in you leaving with confidence, knowing when your club arrives, it will work just like the day you were fit. We also offer loft and lie adjustments with our Mitchell Loft/Lie bending machine and yardage and gapping services on the GC QUAD.

To schedule a fitting, contact John Cassidy at john.cassidy@thehomecourse.com or call the golf shop at (253) 964-0520.
